Saudi Arabia

## Investment sectors

- Renewable Energy

Saudi Arabia plans to generate 50% of its energy from renewable sources by 2030. Solar and wind power lead the way.

- Tourism and Hospitality

100 million visitors targeted by 2030. Investment opportunities in hotels, infrastructure, and local experiences.

- Logistics and Transportation

Strategic position at the crossroads of three continents. Investments in ports, railways, and logistics zones.

- Digital & AI Solutions

Growing demand for smart services and AI-driven solutions across health, education, and government.

## Invest in Tomorrow: High-Potential Sectors in the Kingdom

Opportunities across energy, tourism, logistics, and technology
